## Work Experience

### Software Specialist, Product Consultant - Bimser Solutions

Oct 2016 / Now

I am a .NET Software Specialist. I work as a process developer and consultant in the 'eBA - Document and Workflow Management System and Synergy CSP (Content Services Platform)' programs. I developed web services and windows applications used in projects.

### Full Stack Software Specialist – Teknoarge Technology

Jun 2015 / Oct 2016

I have worked on web-based tourism technologies and Family Medicine Information System (AHBS). I usually do development with PHP and C # programming languages. I made front-end and back-end developments of the projects. I also helped in the development of web services used in projects.

## Education

### Dumlupinar University - Computer Engineering

Bachelor's degree

Sep 2011 / Jun 2015

### 19 Mayıs High School - Science

Sep 2006 / Jun 2010
